

PrintPro Album

The PrintPro Album is designed for the customer who needs a large adjustable work area with easy and open access to locate their product. The PrintPro Album is also designed for printing on tall or bulky objects. It is perfect for printing on album covers, leather products, tall products and large products, as well as standard hot foil imprinted items.

Features/Specs

- Large print area: capable of printing a full 2" X 9" area, even on hard to print materials
- 10" throat depth: will print to the center of a 20" album cover or other products
- Adjustable head height: this machine can imprint on any product from 0" to 10" tall
- Extra large 14" X 14" table plate has 8" of fine line adjustment to make product positioning accurate and easy
- The PrintPro Album gauge bar w/ adjustable side stop will locate product left or right up to 14 1/2" from center
- Digital temperature control holds temperature $\pm 1^\circ$
- This machine is incredibly rigid and extremely accurate for a greater than 10" overarm machine that weighs less than 80 pounds
- Warm up time is usually under 5 minutes due to an oversize 550 watt heater
- All 100% made in the U.S.A.
- Full warranty for 3 years to original owner
